

Love Letters To Bookworms | Liebesbriefe an Bücherwürmer

Global Online Marketing + Strategy For Modern Publishing Entrepreneurs

Reading time 3 min 14 sec

Bonjour, my sweet Bookworm!

Can you imagine writing three best-selling books in two years, let alone 11 books in 10 years?

My client Dr Martin Krengel, founder of Eazybookz, Germany did that.

Most of us dream of writing just one book...and a few of us ever do.

Here're the four (4) most common writing blockers, you're NOT gonna want to hear, especially if you're having a hard time:

1. Not believing you have a strong, appealing story to tell.
2. Believing naysayers who don't believe in you — or who are so jaded, they tell you attempting to write a book is an exercise in masochism and failure.
3. Believing jerks, who call you vain or a narcissistic personality that only takes advantage of publishing to soothe your vulnerable ego.
4. Being so afraid of the blank page and the so-called writers-block, so you never start.

Martin's an expert in knocking down all those obstacles.

After all his practice, he clarifies that these books just "pour out" of him because he's so clear on what he wants to put down on the page.

Even more goals for you: he's a bestselling author and has been featured in the media and press a lot.

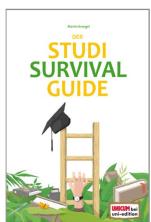

When he gives speeches, a few are hoping his book-writing magic would transfer to them, maybe via the shared air or infuse through the digital video stream.

It doesn't work that way, sadly, but if you're interested in getting his excellent written books in your language, there is a way to get a piece of Martin's bestseller mojo (and many readers of all ages will be soaking it up right along with you).

GOLDEN RULES | STUDY SURVIVAL GUIDE | BESTNOTE (TOP MARKS)

Get ready for:

- An insider look at how he starts learning, writing, organising...when the page (and the head) is horrifically blank.
- The first thing he teaches his students /readers before they start: find your perfect learning strategy and revision plan and to get more time, focus and motivation.

The most important thing: Don't forget to market your book(s) non-stop!

Marketing your book(s) — when you sign a book deal, a domestic licensing deal or a foreign rights translation contract, the publisher, the licensee and the agents will tell you in clear terms,

"That part is ALL up to you."

Whether you self-publish, sign with an indie publisher, or even with one of the "Big Five," you'll need to know how to market your book big time.

I'm here to support your efforts on a global scale to make it a worldwide success, so we're in the same boat. Here're the results for Martin:
