Love Letters To Bookworms | Liebesbriefe an Bücherwürmer

Global Online Marketing + Strategy For Modern Publishing Entrepreneurs

Reading time 2 min 28 sec

Hello, my georgous Bookworm!

What's your plan to do with your wild and precious life?

My lovely Bookworm if you need to answer that question right now, what would you say to me?

I guess your plan is NOT:

- Work 24/7 to the point of extreme frustration, tiredness and exhaustion. Constantly feeling like you never get enough done and you're getting haunted by the nagging fear of missing out.
- Drown in overwhelm, distractions, and interruptions — then have a lack of energy and feel guilty when you try to rest or exercise.
- Scroll through your phone, your social media and binge on Netflix while irreplaceable moments with your friends, your family and all other of your loved ones pass by.

And yet — your wild and precious life is happening NOW, and that's sadly how some of us spend it.

What's your single BIGGEST struggle?

Recently, I reviewed my statistics, to see what's your single BIGGEST struggle around digitalisation, globalisation and foreign rights licensing in book

publishing.

Over 1,400 (yes — 1,400!) people clicked through my [LOVE LETTERS TO BOOKWORMS on my website](#) during this year's Summer break.

Here're just a few of the most clicked and read posts (ranked from highest downwards) that capture the current mood of bookworms around the globe:

Can you relate my wonderful Bookworm? You see, you're not alone.

Thousands of smart, hard-working creative people have gotten sucked into a soul-crushing "Stress Trap".

We're overstretching ourselves trying to "do it all", not take on help or expert support (which would save us loads of time, nerves and money instead of all those countless trial-and-error scenarios) and yet we can't shake that feeling that in the chaos of all this busyness and overwhelm, we're missing out... on our own life.

But look — it doesn't have to be this way.

You deserve a full life and business path filled with joy, energy, accomplishment, and meaning.

I'll show you one way how to get it.

For the last few months I've been working on something big that will help you take back control of your business and life — and help you to wake up your book rights...and sales — for good.

It's called [FOREIGN RIGHTS HERO](#), and I want YOU to join my VIP waitlist for the world premiere release.

In this COURSE — Toolkit Style —, I'll take you by the hand and show you,

now to focus on what matters most in foreign rights licensing and blissfully ignore what doesn't, and I help you to dial up your own publishing business and set yourself up to make MORE money and impact and experience more joy, success, and fulfilment every day of your entrepreneurial life.

xoxo Claudia
