The Spiritual Warrior surrenders the ego to the Heart and works from the impulse that comes from the Heart.

This means the whole life of the Spiritual Warrior is Heart-focused. And because the Heart connects to all things, the Spiritual Warrior can sense all things and know whether a situation is right or wrong, whether a person is right or wrong, whether an enemy is a real enemy or a friend is a real friend. Those who live by the *Warrior Code* cannot be deceived because the Heart cannot be deceived.

**Imre Vallyon**, born in 1940 in Budapest, Hungary, Imre Vallyon emigrated to New Zealand at the age of sixteen. Imre's extraordinary knowledge of human spirituality is neither derived from scholarly research nor channelled from the psychic dimensions. Imre's work is one of synthesis. His writing is universal, not biased towards any particular religion or tradition. His Teaching spans the full spectrum of human experience: reaching through time, illuminating the great Spiritual Teachings and Sacred Languages of our planetary history while pointing the way to the future. Over the past decade Imre's writings and talks have been focused on the momentous changes of our planet. The four-volume treatise *Heavens & Hells Mind* was awarded first place in the prestigious Ashton Wylie Charitable Trust Awards, and won a gold medal in the Living Now Awards.

**Behind-the-scenes:** Imre had built an international community of devoted spiritual members — from scratch! And in English, his second language and *The Wittmann Agency* helped him to get his powerful message into the world with Turkish and Bulgarian editions.
